Because of the commitment of the church leaders in planning and implementing every aspect of camp there is a deep desire to touch the heart of each student with God's Word. Fusion is a camp where you, as a leader, are involved. This is not a camp where you hand off your students for the week and watch. You lead, you pray, you plan, you teach, you play, you share your love for God and student ministry.

The best way to describe the Fusion Camp experience is like a family reunion where the family really gets along well together. Many of the churches have been a part of the planning process from the very

beginning. With most churches returning year after year, many of the students get to "grow up", physically and spiritually, through camp. There are numerous relationships among the campers and leaders that have grown and been maintained across the years. Several former students who have become youth leaders are now bringing their students to share in Fusion.
